

Fiche technique "GREEN" : composition ERGOX

Design:

Philip Ho

Description:

Headrest & Back & Seat: molder foam upholster with Gabriel fabric
Armrest: 4D arm (GP528-G), height adjustable, PU pad forward and backward movable, twistable,width adjustable

Lumbar: external air lumbar

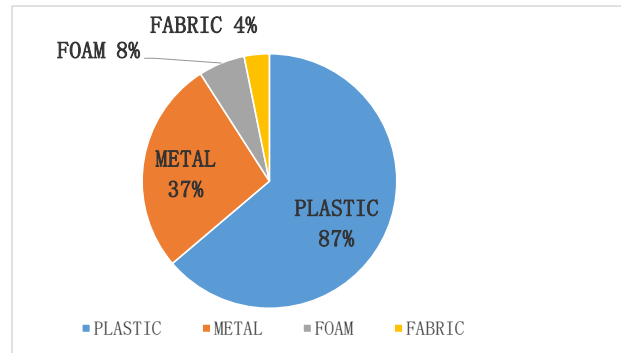

Mechanism: Donati mechansim, Four level lock, multi-level lock synchronized mechanism with sliding function and front tilt function

Gaslift: Class 3, black, 120mm stroke, KGS from Korea

Base: 350mm, nylon with glass fibe

Castor: 60mm, nylon, PU ring

Material fractions:

Rapidly Renewable Materials:

Product Weight: 23 kgs

Percent Rapidly Renewable: 88%

Weight contributing to Rapidly Renewable Content: 20.2kgs

Long-life cycle

5 years guarantee

Supply of replacement parts for 5 years

Service friendliness by easy changing of spare parts

Simple disassembly

Worldwide service

Resource Reuse / Recycling information*

Material	Recycled Content
Plastic	95%
Metal	98%

Average rate of recyclates in raw materials: 96%

Recyclable materials: 94%

Material fractions:

Material	Weight (KGS)	Fractions
PLASTIC	20	87%
METAL	8,5	37%
FOAM	1,85	8%
FABRIC	1	4%
	23	100%
