

Fiche technique "GREEN" : composition JIM

Design:

Philip Ho

Description:

Headrest: height adjustable molded foam headrest with black fabric

Back& Seat: Ratchet back, upholster with molded foam (including CAL-117 flame retardant) and fabric(abrasion resistance 120.000 rubs)

Hanger: plastic hanger for coat

Armrest: 4D arm, height adjustable,TPU pad forward and backward movable, twistable,width adjustable

Air Lumbar: external air lumbar

Mechanism: Donati mechanism. Self weight mechanism

Gaslift: KGS, Class 3, black, 120mm stroke

Base: 350mm, nylon compounds with glass fiber

Castor: 60mm, nylon, PU ring

Product Weight: 21.9 kgs

Percent Rapidly Renewable: 78 %

Weight contributing to Rapidly Renewable Content: 17 kgs

Long-life cycle

5 years guarantee

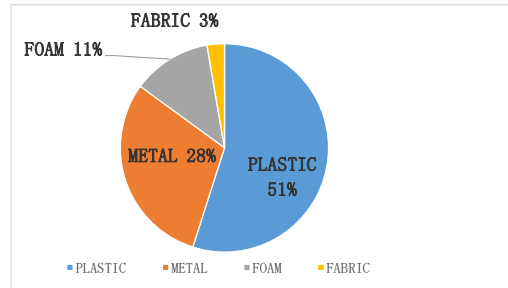

Supply of replacement parts for 5 years

Service friendliness by easy changing of spare parts

Simple disassembly

Worldwide service

Material fractions:

Resource Reuse / Recycling information*

Material	Recycled Content
Plastic	95%
Metal	98%

Average rate of recyclates in raw materials: 96%

Recyclable materials: 94%
